

LAST FLIGHT

1 When the pain sub sided my soul found his own wings
 2 I flew further in land for a moment of peace
 1 When I get home sick of my ocean and my things
 2 then I come to haunt here waiting for my release

3 Think of me
 4 I'm the chill gust of wind
 5 I'm the softly strummed refrain come from a far
 4 I'm the odd falling star
 5 I'm the unexpected guest with whom you sinned
 6 Can you remember now?
 7 And does your heart beat louder?

3 Think of me
 4 I'm the will of the wisp
 5 dancing hushed on shrubs when nobody's in sight
 4 I'm the owl in moon light
 5 I'm the mystery footprint you never miss
 6 Have I left you a ghost?
 7 Or does your heart beat faster?

3 Think of me
 4 I'm the thought swiftly gone
 5 I'm the shy plum out of season that turned ripe
 4 I'm the time, I'm the tide
 5 I'm the answer you were sure of all a long
 6 Could this be all a trick?
 7 Or does your heart beat quicker?

1 If you can release me I'll be freed of my debt
 2 I'll fly to a village far a way from your tribe
 1 When you will release me I'll leave after sunset
 2 I'll find rest at last in peace no words can describe
